

No. 31

**A Pale Celadon and Russet Jade Boulder**

Qing Dynasty, Qianlong period (1736-95)

Of upright format deeply carved in high relief on one side with an *arhat* in a cave holding a scroll, sitting next to an incense burner, above a sea of waves and flanked by a pine tree. The reverse with *lingzhi* fungus and grass growing from several rocky ledges and a small stream flowing out of a deeply carved pool. The boulder of a very pale celadon colour with patches of russet.
